

Migrant Eligibility Under the Every Student Succeeds Act (ESSA) Four Eligibility Questions for Practice Scenarios

- 1. Are the children under age 22 and still entitled to a free public education (through grade 12) in the State?**
- 2. Did the children move in the preceding 36 months, on their own OR with, (or to join), a parent/guardian or spouse?**
- 3. Was the children's move with the parent/guardian or spouse a "qualifying move" (i.e., due to economic necessity, from one residence to another, and from one school district to another)?**
- 4. Is the parent/guardian or spouse with whom the children moved a "migratory agricultural worker" or "migratory fisher"?**
